

LES REINES DE SABA

Jazz, gospel, French songs...these Queens play with the styles and the ages !

A cha-cha meets a flight of lyricism passing by a forgotten Gainsbourg treasure; a gospel mingles with a jazzy "Did I do"; a java follows a "Rum and Coca-cola" from the Andrew Sisters...

For their pleasure and yours, the Queens revisit their repertoire of giants such as Billie Holiday, Aretha Franklin, Bourvil, Marilyn Monroe, Madonna, Joséphine Baker...

From classical jazz to soul music, including French songs, the Queens offer a happy a cappella show, they can sing in close-up or accompanied by a pianist.

Références : Danone, Belfood, Vivarte, Décathlon, Ambassade de Suède, etc..
